Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51 and that copies of 4 TAC 41.2 may be obtained from the central office of the TAHC at 2105 Kramer Lane, Austin, TX 78758, or from area offices, which are listed in local Texas telephone directories, or from the TAHC's Internet homepage (www.tahc.state.tx.us/). Executive Order 12866 and Regulatory Flexibility Act

This proposed rule has been reviewed under Executive Order 12866. The rule has been determined to be not significant for the purposes of Executive Order 12866 and, therefore, has not been reviewed by the Office of Management and Budget.

This proposed rule would amend the Texas (splenetic) fever in cattle regulations to incorporate by reference the description of fever tick eradication areas contained in the Texas Administrative Code. Incorporating the TAHC's description of fever tick eradication areas by reference rather than continuing to reproduce the description in our regulations would eliminate the need for APHIS to maintain an up-to-date description of the quarantined area in Texas and reduce the volume of material included in our regulations, while continuing to provide for the treatment and inspection of cattle moved from the tick eradication area in Texas.

Our proposal to incorporate the description of fever tick eradication areas in Texas contained in the Texas Administrative Code is not expected to have an economic impact on any entities, large or small, because the description of Texas' tick eradication areas, which are defined and established by the TAHC, have merely been reproduced in APHIS' regulations in part 72. There would be no change in the quarantined area in Texas as a result of its description being removed from part 72, so no livestock or property owners in Texas would be affected by this proposed rule.

Under these circumstances, the Administrator of the Animal and Plant Health Inspection Service has determined that this action would not have a significant economic impact on a substantial number of small entities.

Executive Order 12372

This program/activity is listed in the Catalog of Federal Domestic Assistance under No. 10.025 and is subject to Executive Order 12372, which requires intergovernmental consultation with State and local officials. (See 7 CFR part 3015, subpart V.)

Executive Order 12988

This proposed rule has been reviewed under Executive Order 12988, Civil Justice Reform. If this proposed rule is adopted: (1) All State and local laws and regulations that are in conflict with this rule will be preempted; (2) no retroactive effect will be given to this rule; and (3) administrative proceedings will not be required before parties may file suit in court challenging this rule.

Paperwork Reduction Act

This rule contains no new information collection or recordkeeping requirements under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Acquisition of Title to Land in Trust

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Proposed rule.

SUMMARY: On September 18, 1980, we issued the first regulations governing the exercise of the Secretary of the Interior's authority to accept title to land in the name of the United States to be held in trust for the benefit of Indian tribes and individual Indians (*i.e.*, to "take land into trust"). These regulations have not undergone substantial revision since their adoption. We now propose to amend these regulations to make clearer that we will follow a process that is somewhat different, and we will apply a standard which is somewhat more demanding when a land-into-trust application involves title to lands which are located outside the boundaries of a reservation ("off-reservation lands"). In contrast, when the application involves lands located inside the boundaries of a reservation ("on-reservation lands"), we will apply a process and a standard which reflect a presumption in favor of acquisition of trust title to those lands. In addition, the proposed rule sets out the process we will use to comply with a mandate from Congress directing us to use our administrative procedures to place a particular tract of land into trust. Finally, the proposed rule establishes a framework in which a tribe without a reservation can establish a geographic boundary within which it may acquire land under the on-reservation provisions of the regulation.

Introduction and Summary

Congress has given the Secretary of the Interior discretionary authority to acquire title to land to be held in trust by the United States for the benefit of Indian tribes and individual Indians. Acquiring such title is commonly referred to as "taking land into trust." General statutory authority giving the Secretary discretion to acquire trust title to land is found in Section 5 of the Indian Reorganization Act of 1934 (the IRA), 25 U.S.C. 465:

> The Secretary of the Interior is hereby authorized, in his discretion, to acquire, through purchase, relinquishment, gift, exchange, or assignment, any interest in lands, water rights, or surface rights to land, within or without existing reservations, including trust or otherwise restricted allotments, whether the allottee be living or deceased, for the purpose of providing land to Indians.

Occasionally, Congress enacts other legislation granting the Secretary authority to take land into trust for some specific purpose. We refer to acquisitions of trust title under the IRA, and under other specialized statutes that grant discretionary authority to the Secretary, as "discretionary acquisitions of title."

The regulations proposed here would restructure how we review proposed discretionary acquisitions of title. We believe this restructuring will facilitate land-into-trust decisions which better reflect the modern-day needs and concerns of tribes, individual Indians, and surrounding non-Indian communities. Specifically, the proposed regulation sets forth an application process and review criteria which is more demanding when the land at issue is located outside the boundaries of an existing reservation or outside a Secretarially-approved Tribal Land Acquisition Area (collectively, "off-reservation acquisitions"), but which is less demanding when the land is located inside the boundaries of an existing reservation or inside a Secretarially-approved Tribal Land Acquisition Area (collectively, "on-reservation acquisitions"). In other words, the proposed regulations would make the application process easier for on-reservation acquisitions, while conversely requiring a more detailed analysis of a greater number of criteria for off-reservation acquisitions.

The purpose of creating these differing processes and criteria is two-fold. First, we intend to better carry out our responsibility to assist tribes in reestablishing ownership of, and jurisdiction over, land located within their own reservations. Second, we also intend to create a framework that adequately addresses the particular concerns that non-Indian governments have about the ramifications of placing off-reservation land into trust.

In addition, the proposed regulations delineate the procedure by which we process mandatory acquisitions of title. Mandatory acquisitions of title are trust acquisitions which Congress, by explicit statutory direction, requires the Secretary to accept through the administrative process. In other words, mandatory acquisitions are those which Congress has directed the Secretary to complete by removing any discretion in the administrative decision-making process. (Mandatory acquisitions of title are distinguishable from *legislative transfers of title.* Legislative transfers of title are those in which Congress directly places a parcel of land in trust, thereby removing the need for any administrative action to effectuate the transfer of title into trust status.)

Finally, the proposed regulations address the unique difficulties encountered by tribes which do not have reservations by including new provisions which set out a process by which those tribes may benefit from the on-reservation provisions of this regulation. In this process, a tribe without a reservation can designate a "Tribal Land Acquisition Area" in which it plans to acquire land. If the tribe obtains Secretarial approval of its Tribal Land Acquisition Area, the tribe will be able to apply to have title to the lands located within the Tribal Land Acquisition Area taken into trust under the on-reservations provisions of this regulation.

Discretionary Acquisitions On-Reservation

The General Allotment Act of 1887, 25 U.S.C. 331 *et seq.*, authorized the division, and distribution to individuals, of lands located within the boundaries of most Indian reservations across the country. This allotment policy was based in part on the theory that fee ownership of land would improve the economic condition of Indians, which at the time was acknowledged to be very poor. Unfortunately, in practice the primary beneficiaries of the Allotment Act were land speculators who quickly acquired large portions of land within Indian reservations, often at prices well below market value. Institute for Government Research, The Problem of Indian Administration 460–462 (L. Meriam, ed.) (Johnson Reprint Corporation 1971) (1928) (Meriam Report).

Implementation of the Allotment Act resulted in the alienation of as much as 90 million acres of land originally reserved to tribes by treaties and Executive Orders. Felix S. Cohen, Handbook of Federal Indian Law 138 (Michie Company) (1982 ed.) (Cohen). The loss of these tribal lands was catastrophic and generally is regarded by historians and others as being responsible for a precipitous decline in the economic, cultural, social and physical health of tribes and their members. *E.g.*, Charles F. Wilkinson, American Indians, Time and the Law 19–21 (Yale University Press 1987). To combat this downward spiral, in 1934 Congress passed the Indian Reorganization Act (IRA). Comment, Tribal Self-Government and Indian Reorganization Act of 1934, 70 Mich. L. Rev. 955, 960 (1972). One of the primary goals of the IRA was the restoration to tribal ownership of allotted land within existing reservations. *See*, Readjustment of Indian Affairs, Hearing before the Committee on Indian Affairs, 73d Cong. 2nd Sess. on H.R. 7902, at 16–1; Cohen, *supra* at 147. Although the IRA authorized appropriation to the Department of the Interior of two million dollars a year for land acquisition, since 1934 only $5.5 million has been appropriated by Congress for that purpose, all of it before 1950. Cohen at 150, note 51.

In the modern era tribes have taken full responsibility for rebuilding their reservation land bases, purchasing land from willing sellers and then applying to the Secretary to request that the land be taken into trust. Yet to date, less than eight percent of lands lost through allotment have been returned to tribal ownership. Cohen at 138, BIA's Annual Report for Indian Lands, 1996. Indeed, most applications requesting that we take land into trust have involved relatively small amounts of land. For example, in 1996 (the latest year for which data is available), the average amount of land involved in an application to take land in trust was about 30 acres. BIA's Annual Report for Indian Lands, 1996.

The proposed regulations are intended to promote the health and welfare of tribes and their members by better facilitating the restoration of on-reservation Indian lands into trust status. For example, the on-reservation provisions of the regulation provide that the tribe's stated need for the land will be accorded additional weight in recognition of the tribe's reasonable expectation that it benefit from the lands originally promised to it by treaty or Executive Order. For the same reason, because lands within reservation boundaries are subject to tribal governmental jurisdiction, the portion of the proposed rule governing on-reservation acquisitions does not specifically require submission of information concerning impacts on non-Indian communities, although State and local governments may comment on these impacts if they so desire. (In which case, the tribe will be given a copy of the comments and a reasonable amount of time in which to respond.)

Discretionary Acquisitions Off-Reservation

Congressional adoption of the land acquisition provisions of the IRA was based in part on Congress' understanding that the decimation of the tribal land base had resulted in substantial economic hardship for Indian tribes and their members. Hence, the regulations implementing the IRA anticipate the potential need for tribal trust land for economic development outside the boundaries of a reservation, particularly in situations in which a tribe's reservation is isolated or otherwise remote from centers of economic activity.

The acquisition of title by the United States in off-reservation circumstances can, however, have significant ramifications for local non-Indian communities. In particular, important jurisdictional matters (e.g., those involving law enforcement, land use planning, public education, and maintenance of utilities and roads) can become blurred. The effects of off-reservation acquisitions are in contrast to those caused by on-reservation acquisitions, as the effects of on-reservation acquisitions are just incremental additions to an already established set of circumstances, and not marked by the establishment of a new sovereign or jurisdictional presence.

For this reason, the proposed rule requires tribes wishing to take off-reservation land into trust to submit a substantial amount of information about how the proposed acquisition would impact the surrounding non-Indian community, and about how the tribe would address that impact. Requiring submission of this detailed information helps ensure that the concerns of local non-Indian governments are identified, reviewed and evaluated in our decision-making process.

Unlike the regulations currently in effect, the proposed regulations do not treat applications concerning land which is adjacent (contiguous) to a reservation as if the land were located on-reservation. Rather, applications concerning adjacent parcels are to be treated as off-reservation acquisitions, and will be subject to the same process and local non-Indian government consultation as are applications concerning other off-reservation lands. Of particular note is that we will require consultation with the state and local non-Indian governments in the state in which the adjacent land is located (even if the main body of the reservation lies across a state line).

The proposed regulation, however, would continue our policy (as articulated in the existing regulations) of giving greater weight to the tribe's need (vis-a-vis the objections of the local non-Indian community) the closer the land is to the tribe's reservation. Thus, the stated need for land adjacent to a reservation will be given greater weight in the context of the off-reservation criteria. In addition, tribal applicants wishing to conduct gaming on a parcel adjacent to land which has held reservation status since October 17, 1988 will continue to benefit from the "contiguity exception" mandated by Congress in the Indian Gaming Regulatory Act (IGRA) Section 20 requirements. (*See* 25 U.S.C. 2719(a)(1).)

The IRA land acquisition provisions authorize us to take off-reservation land into trust for the benefit of individual Indians. However, as a matter of general policy, we will approve applications from individual Indians for title to land located outside the boundaries of a reservation only under certain limited circumstances, in our discretion. For example, we will continue to accept title to interests in off-reservation land for the purpose of consolidating fractioned ownership of such land. Additionally, we will continue to accept title to lands purchased with funds obtained as the result of the voluntary sale of non-taxable Indian lands to any State, county, or municipality, or as the result of condemnation of such property by a State, county, or municipality, under 25 U.S.C. 409a.

Off-Reservation Acquisitions and Indian Gaming

If a tribe intends to use off-reservation land for gaming purposes, it must comply with the applicable requirements of Section 20 of the Indian Gaming Regulatory Act, 25 U.S.C. 2719 (IGRA) before gaming may occur on that land. In most cases, compliance with Section 20 of IGRA requires additional consultation with local non-Indian governments, a determination by the Secretary that the acquisition is "in the best interest of the tribe and not detrimental to the surrounding community," and a concurrence in that determination from the Governor of the State in which the land is located. *Id.*

If a tribe applies under these regulations to have title acquired in trust for a non-gaming purpose, and then at a later date decides that it would like to conduct gaming on that parcel, it will be authorized to engage in such gaming only if it complies with the requirements of Section 20 of IGRA. In other words, to game on a parcel of trust land acquired after October 17, 1988 (*i.e.*, the date of passage of IGRA), the tribe must submit to the same Section 20 analysis and obtain the same gubernatorial consent as would have been required if the parcel were originally taken into trust for the purpose of gaming.

Discretionary Acquisitions in Alaska

Both the current and the proposed regulations bar the acquisition of trust title in land in Alaska, unless an application for such acquisition is presented by the Metlakatla Indian Community or one of its members. (The lands of the Metlakatla Indian Community comprise the only Native land in Alaska currently designated as a "reservation" by the federal government.) The regulatory bar to acquisition of title in trust in Alaska in the original version of these regulations was predicated on an opinion of the Associate Solicitor, Indian Affairs ("Trust Land for the Natives of Venetie

and Arctic Village," September 15, 1978), which concluded that the Alaska Native Claims Settlement Act (ANCSA) precluded the Secretary from taking land into trust for Natives in Alaska (again, except for Metlakatla).

Although that opinion has not been withdrawn or overruled, we recognize that there is a credible legal argument that ANCSA did not supersede the Secretary's authority to take land into trust in Alaska under the IRA (*see* relevant IRA provision at 25 U.S.C. 473a). *See also* the Petition of Chilkoot Indian Association, Native Village of Larsen Bay, and Kenaitze Indian Tribe, requesting the Department to undertake a rulemaking to remove the prohibition on taking land in trust in Alaska (60 FR 1956 (1995). However, even if it were held that the Secretary retained authority to take land in trust in Alaska, whether to exercise that authority remains in the sound discretion of the Secretary.

In recent years blue-ribbon commissions and working groups (such as the State of Alaska's Rural Governance Commission) have been formed to address various related issues concerning tribal governments and Native lands in Alaska and to address such issues in the wake of the decision in *Alaska* v. *Native Village of Venetie Tribal Government*, 522 U.S. 520, 118 S. Ct. 948 (1998). In that decision, the court held that former Native Corporation lands owned in fee simple by the Native Village of Venetie Tribal Government were not validly set apart for the use of Indians as such, nor were they under the superintendence of the federal government, and thus did not meet the definition of "dependent Indian communities." *Id.* At 955. Since the lands did not qualify as dependent Indian communities, they did not meet the definition of Indian country and the Native Village of Venetie Tribal Government was not authorized to tax non-members. Of course, if land were taken in trust by the Secretary, such trust land then would qualify as Indian country and an Alaskan tribe would have all the powers that pertain within Indian country. We invite comment on the continued validity of the Associate Solicitor's opinion and issues raised by the petition noticed at 60 FR 1956 (1995) in light of the Supreme Court's ruling in the *Venetie* case.

The proposed regulations would make no change in the current regulations and would continue the bar against taking Native land in Alaska in trust. However, that bar would be subject to review pending the report of the Rural Governance Commission, or Congressional action clarifying that ANSCA lands are Indian country.

Mandatory Acceptance of Title

The implementation of specific statutes containing congressional mandates to acquire title to land in trust through our administrative process has not always been well-understood. To provide more clarity, the proposed rule includes new language that specifically identifies the types of acquisitions we consider "mandatory," and sets out the process by which we will acquire title.

The proposed regulation clarifies that an acquisition of title is "mandatory" if Congress has removed all discretion in determining whether to accept title to a particular tract of land. Situations in which all discretion has been removed include those situations in which Congress dictates that the Secretary "shall" acquire title to a parcel of land which is specifically identified by legal description, or to land which is purchased with certain, specified funds. In contrast, a statute which merely directs that the Secretary "shall" accept title to unidentified land within some broader geographic boundary, e.g. within certain named counties, still allows for some discretion. Hence we do not view acquisitions under such a statute as "mandatory" for the purposes of this regulation. By definition, mandatory acceptances of title rely on statutory authority which preempts the discretionary authority granted to the Secretary by the IRA. The Department will evaluate each statute on a case-by-case basis to determine whether it requires a mandatory acceptance of trust title.

The process for completing a mandatory acceptance of title is relatively simple. A tribe must submit an application that includes the identification of the federal statute which mandates the acquisition of title and include the same sort of title insurance information required for discretionary acquisition applications. Because of the mandatory character of such acquisitions, the regulation does not require compliance with the National Environmental Policy Act (NEPA). However, we strongly advise applicants, for their own protection, to conduct the same type of environmental assessment generally done under NEPA prior to acquisition of the property, or at least prior to submitting an application to have the property taken into trust.

As a final matter, we note the distinction between mandatory acquisitions where Congress directs the Secretary to complete the administrative process of accepting trust title, and "legislative transfers of title," where Congress directly transfers land into trust status on behalf of tribes or individual Indians. In the latter type of title transfer, Congress has removed the need for any administrative action to effectuate the title transfer.

Tribal Land Acquisition Areas for Tribes Without Reservations

There are a few tribes which do not benefit from the basic rights and opportunities inherent in having a reservation. For the most part, these are tribes recently restored to federal recognition by a federal statute which does not specifically designate a reservation, or they are tribes that have obtained federal recognition through the administrative Federal Acknowledgment Process, which as a matter of course does not provide for the designation of a reservation.

Federal policy for many decades has viewed the existence of a tribal land base as integral to the cultural, political, and economic well-being of a tribe. For example, most federal programs for Indians are in one way or another tied to the tribal land base. Because of the overwhelming importance of the tribal land base, and because the new regulations make it less burdensome for tribes to take land into trust on (as opposed to off-) reservation, we are proposing in these regulations an alternative mechanism by which reservation-less tribes may benefit from the on-reservation acquisition provisions to create a homeland.

The alternative mechanism is the use of a "Tribal Land Acquisition Area." A Tribal Land Acquisition Area is a geographic boundary designated by a reservation-less tribe within which the tribe plans to acquire land within a specified period of time under the more lenient on-reservation provisions of the proposed rule. In other words, the Tribal Land Acquisition Area would create a geographic boundary within which individual parcels would be treated as on-reservation for the purposes of acquiring trust title under these regulations.

Because establishment of a Tribal Land Acquisition Area will affect local non-Indian governments, we will require that the concerns of local non-Indian governmental entities be addressed before the Secretary will approve the creation of the Tribal Land Acquisition Area boundaries. For that reason, an application for Secretarial approval of a Tribal Land Acquisition Area requires submission of information similar to that required in applications for off-reservation acquisitions. However, because we view the need for

a homeland as fundamental, we will accord greater weight to the application of a reservation-less tribe, particularly in situations in which the tribe benefits from a federal statute directing the Secretary to acquire some land base for the tribe.

However, while off-reservation land located within a Tribal Land Acquisition Area may be treated as on-reservation land for acquisition purposes, such lands legally cannot be treated as on-reservation for the purposes of IGRA. In other words, title to land which is inside a Tribal Land Acquisition Area cannot be taken into trust for the purpose of gaming unless and until the requirements of section 20 of IGRA have been satisfied.

Part 151 of Title 25, Chapter I of the Code of Federal Regulations is proposed to be amended for the reasons set out below:

1. The authority for part 151 is revised to include the False Statements Accountability Act of 1996, 18 U.S.C. 1001.

2. Section 151.1 *Purpose and Scope,* is retitled as *What is the purpose of this part?,* and is reformatted and simplified.

3. Section 151.2 *Definitions,* is retitled as *How are key terms defined in this part?,* and is revised to update some of the definitions of terms used in this part and to include new terms used in this part. The definitions in this section apply only to this part.

4. Section 151.3 *Land acquisition policy,* has been deleted, although some of the substantive portions of the current § 151.3 have been incorporated into other parts of the proposed rule. A new § 151.3 is added entitled *To what types of transactions do these regulations apply?* The new § 151.3 incorporates some of the information that is in the current § 151.1.

5. Section 151.4 *Acquisitions in trust of lands owned in fee by an Indian,* is deleted because it is unnecessary given the rest of the proposed changes to this regulation. A new § 151.4 entitled *How does an individual Indian or a tribe apply to have title to land conveyed to the United States in trust?* is added to explain how to apply to have land taken into trust.

6. Section 151.5 *Trust acquisitions in Oklahoma under Section 5 of the I.R.A.,* is deleted because it is unnecessary. A new § 151.5 entitled *How do we process the request?* is added to provide more clarity about how we review requests to take land into trust.

7. Section 151.6 *Exchanges* is deleted because it is no longer necessary given the other sections of the part. A new § 151.6, entitled *How do we proceed after making a decision on the request?* is added.

8. Section 151.7 *Acquisition of fractional interests,* is renumbered and retitled as § 151.8, *Will we accept and hold in trust an undivided fractional interest in land for an individual Indian or a tribe?,* is reformatted to include acquisitions of "undivided" interest under the Indian Land Consolidation Act, and is revised for clarity. "Undivided fractional" is substituted for the word "fractional" to clarify that the "fractional" interest being acquired is not a geographically separate parcel of land. A new § 151.7 is added, *When does land attain trust status?,* to provide clarification as to how land technically attains trust status after we have decided to take it into trust.

9. Section 151.8 *Tribal consent for nonmember acquisitions* is renumbered and retitled as § 151.11 *Can an individual Indian or a tribe acquire land inside a reservation inside or an approved Tribal Land Acquisition Area of another tribe?* and is revised for clarity.

10. Section 151.9 *Requests for approval of acquisitions* is renumbered and retitled as § 151.4 *How does an individual Indian or a tribe apply to have title to land conveyed to the United States in trust?* A new § 151.9, *What information must be provided in a request involving land inside a reservation or inside an approved Tribal Land Acquisition Area?* is added.

11. Section 151.10 *On-reservation acquisitions,* is renumbered, retitled, and has been separated for clarity as § 151.5 *How do we process the application?,* § 151.9 *What information must be provided in a request involving land inside a reservation or inside an approved Tribal Land Acquisition Area?,* and § 151.10, *What criteria will we use to evaluate requests involving land inside a reservation or inside an approved Tribal Land Acquisition Area?* The new § 151.10 is revised to establish a uniform, nationwide, "minimum standard" set of criteria for the decision maker to consider in the evaluation of an application for an on-reservation trust acquisition. The requirement to furnish title evidence is transferred from the current § 151.13 to this section to incorporate title evidence as part of a complete application request.

12. Section 151.11 Off-reservation acquisitions, is renumbered, retitled, and has been separated for clarity as § 151.5 *How do we process a request?,* § 151.12 *What information must be provided in an application involving land outside a reservation and outside a Tribal Land Acquisition Area?,* and § 151.14 *What criteria will we use to evaluate a request involving land outside a reservation and outside a Tribal Land Acquisition Area?* The requirement to furnish title evidence is transferred from the current § 151.13 to this section to incorporate title evidence as part of a complete application request. In addition, a new § 151.11, *Can an individual Indian or a tribe acquire land inside a reservation or inside an approved Indian Land Acquisition Area of another tribe?,* is added, replacing the current § 151.8.

13. Section 151.12 *Action on requests* has been separated for clarity and is included as part of § 151.6 *How do we proceed after making a decision on the request?* A new § 151.12, *What information must be provided in a request involving land outside a reservation and outside a Tribal Land Acquisition Area?,* is added.

14. Section 151.13 *Title examination,* is renumbered, reorganized, and revised for clarity. The requirement to furnish title evidence is transferred from this section and incorporated in the new §§ 151.9 and 151.12 as part of a complete application request. Section (b), governing situations in which the title to the land has any liens, encumbrances, or infirmaties, has been integrated into § 151.6(c)(1). A new § 151.13, entitled *Can an individual Indian acquire land outside his or her own reservation?,* has been added to clarify the Secretary's policy regarding the acquisition of off-reservation lands by an individual Indian.

15. Section 151.14 *Formalization of acceptance* is renumbered and retitled as § 151.7 *When does the land attain trust status?* A new § 151.14, entitled *What criteria will we use to evaluate a request involving land outside a reservation or outside a Tribal Land Acquisition Area?,* is added to establish a uniform, basic, nationwide, "minimum standard" set of criteria for the decision maker to consider in the evaluation of an application for an off-reservation trust acquisition.

16. Section 151.15 *Information collection,* is renumbered and retitled as § 151.27 *Do information collections under this part have Office of Management and Budget approval?* Paragraph (a) is revised to include the new information collection requirements. 20. A new § 151.19 entitled *How is a tribal request for Secretarial approval processed?* is added to describe how we will process the request for Secretarial approval of the Tribal Acquisition Area.

21. A new § 151.20 entitled *What criteria will we use to decide whether to approve a proposed Tribal Land Acquisition Area?* has been added to set out the criteria the Secretary will use to evaluate a Tribal Land Acquisition Area.

22. A new § 151.21 entitled *Can a tribe include in its Tribal Land Acquisition Area land inside another tribe's reservation or Tribal Land Acquisition Area?* is added for clarity.

23. A new § 151.22 entitled *If a Tribal Land Acquisition Area is not approved, is the tribe prohibited from acquiring land within it?* is added for clarity.

24. A new § 151.23 entitled *If a Tribal Land Acquisition Area is approved, does the land taken into trust within it attain reservation status?* is added for clarity.

25. 28. A new § 151.27 entitled *Do information collections under this Part have Office of Management and Budget approval?* is added for clarity.

Clarity of this regulation.

Executive Order 12866 requires each agency to write regulations that are easy to understand. We invite your comments on how to make this rule easier to understand, including answers to questions such as the following: (1) Are the requirements in the rule clearly stated? (2) Does the rule contain technical language or jargon that interferes with its clarity? (3) Does the format of the rule (grouping and order of sections, use of questions as headings, paragraphing, etc.) aid or reduce its clarity? (4) Would the rule be easier to understand if it were divided into more (but shorter) sections? (A "section" appears in bold type and is preceded by the symbol "§" and a numbered heading; for example, § 151.1 What is the purpose of this part?) (5) Is the description of the rule in the Supplementary Information section of the preamble helpful in understanding the proposed rule? What else could we do to make the rule easier to understand?

Regulatory Planning and Review (E.O. 12866)

In accordance with the criteria in Executive Order 12866, this rule is not a significant regulatory action and is not subject to review by the Office of Management and Budget.

(a) The proposed amendments to this rule basically conform to the policies and practices that currently guide the Department's decision making on land into trust applications. Hence, we do not anticipate that this regulation will have a significant effect on the net amount of land taken into trust. The rule will not have an annual effect of $100 million or more on the economy. It will not adversely affect in a material way the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities. This rule simply identifies a "minimum standard" of criteria and requirements to be considered in the exercise of the Secretary's discretion to place lands in trust for individual Indians and tribes.

Looking at the overall picture of how much land we have taken into trust historically, the annual number of requests to place lands in trust has been small. Based on the BIA's Annual Report of Indian Lands for 1996, only 35 States have Indian lands, four of which have fewer than 1,000 acres of Indian lands. The 1996 report indicated that there were 6,941 total applications involving 212,000 acres cumulatively, i.e., the average amount of land involved in an application was only about 30 acres. Based on the annual caseload report for FY 1996, the total dollar amount Indians paid for acquisitions of land in trust is $19,420,303.81, less than 20% of $100 million. Some States and local governments may have a decrease in revenues derived from taxes. However, the loss in annual revenues for State and local jurisdictions will only be a fraction of the value of the land involved. Moreover, some tribes may choose to offset this loss by making payments in lieu of taxes, or supplying services to the local communities. In addition, the proposed rule would alter the final disposition of only a portion of the applications. Finally, any losses or gains to State or local tax rolls would be spread over several states. Thus, overall, the net changes in tax rolls due to this rule will be minimal, and will not significantly affect State or local governments.

(b) This rule will not create a serious inconsistency or otherwise interfere with an action taken or planned by another Federal agency. Actions taken by this rule will affect tribal or individual Indian land titles. The Department of the Interior, Bureau of Indian Affairs is the only governmental agency that makes the determination whether to take land into trust.

(c) This rule does not alter the budgetary effects or entitlement, grants, user fees, or loan programs or the rights or obligations of their recipients. This rule sets out the criteria and procedures the Secretary uses in determining whether to accept title of certain Indian lands to the United States, as trustee, for the benefit of an individual Indian or a tribe.

(d) This rule does not raise novel legal or policy issues. This rule is of an administrative, technical, and procedural nature. The land acquisition regulations have been in effect since 1980. We are proposing to amend them in order to clarify procedures and requirements.

Regulatory Flexibility Act

The Department of the Interior certifies that this regulation will not have a significant economic effect on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). A Regulatory Flexibility analysis is not required. See our initial analysis above item 1(a) under Regulatory Planning and Review. The effect on small entities will be minimal.

(a) It does not have an annual effect on the economy of $100 million or

more. As stated above, the effect on the economy will be minimal.

(b) It does not result in a major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographic regions. Actions taken by this rule will only affect title to tribal or individual Indian owned lands. While it may affect revenues collected by State or local jurisdictions, the effect as noted above, should be minimal.

(c) It does not result in significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of U.S.-based enterprises to compete with foreign-based enterprises. As stated above, actions under this rule will only affect title to tribal or individual Indian owned lands. This rule is of an administrative, technical, and procedural nature.

Small Business Regulatory Enforcement Fairness Act (SBREFA)

This rule is not a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. See the initial analysis above, item 1(a) under Regulatory Planning and Review. This rule:

(a) Does not have an annual effect on the economy of $100 million or more. An economic analysis is not required.

(b) Will not cause a major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographic regions. Actions under this rule will only affect title to tribal or individual Indian owned lands.

(c) Does not have significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of U.S.-based enterprises to compete with foreign-based enterprises. Actions under this rule will only affect title to tribal or individual Indian owned lands.

Unfunded Mandates Reform Act

In accordance with the Unfunded Mandates Reform Act (2 U.S.C. 1531 *et seq.*):

(a) The rule will not significantly or uniquely affect small governments, or the private sector. A Small Government Agency Plan is not required. Additional expenses may be incurred by the requesting tribe or individual Indian to provide information to the Secretary. Tribes or an individual Indian provide information in order to receive a benefit.

(b) This rule will not produce a federal mandate of a $100 million or greater in any year. The overall effect of this rule will be negligible to the State, local, or tribal governments or the private sector. See our analysis under Regulatory Planning and Review.

Takings (E.O. 12630)

With respect to Executive Order 12630, the rule does not have significant takings implications. A takings implication assessment is not required because actions under this rule do not constitute a taking. Tribes or individual Indians are voluntarily transferring title to the United States for their own benefit.

Federalism (E.O. 13083)

With respect to Executive Order 13083, the rule does not have significant federalism implications to warrant the preparation of a Federalism Assessment. The local tax base may be affected. However, this rule should not affect the relationship between State and Federal governments because actions in this rule apply only to a relatively small amount of land. Due to the loss of tax revenue, the relationship between the State and local governments with tribes and/or the Federal Government may be affected. However, because the loss of revenue is minimal and most of the land to be acquired will be within the boundaries of reservations where there is already a measure of Indian sovereignty, the effects are "insignificant" within the meaning of E. O. 13083. See the analysis under the Regulatory Planning and Review section.

Civil Justice Reform (E.O. 12988)

With respect to Executive Order 12988, the Office of the Solicitor has determined that this rule does not unduly burden the judicial system and meets the requirements of sections 3(a) and 3(b)(2) of the Order. This rule contains no drafting errors or ambiguity and is written to minimize litigation, provides clear standards, simplifies procedures, reduces burden, and is clearly written. These regulations do not preempt any statute. They do supersede the current land acquisition regulations and the current procedure for establishing Indian Land Consolidation Areas. They would not be retroactive with respect to any land already taken into trust, but would apply to pending applications.

Paperwork Reduction Act

This regulation does require an information collection from ten or more parties and a submission under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). The information collection requirements in §§ 151.4; 151.9; 151.12, 151.15, 151.18, and 151.26 under 44 U.S.C. 3501 *et seq.* have been submitted to the Office of Management and Budget for approval and assigned clearance number 1076-xxxx. This information is required from Indian tribes and individual Indians who wish to convey land into trust status.

The burden associated with these requests is presented in a table in the **ADDRESSES** section of the preamble, and public comments are requested on these collections.

National Environmental Policy Act

This rule does not constitute a major Federal action significantly affecting the quality of the human environment. A detailed statement under the National Environmental Policy Act of 1969 is not required because this rule is of an administrative, technical, and procedural nature.

Government-to-Government Relationship With Tribes

In accordance with the President's memorandum of May 14, 1998, "Consultation and Coordination with Indian Tribal Governments" (FR Vol. 63, No. 96, Pages 27655–27657) and 512 DM 2, we have evaluated any potential effects upon Federally recognized Indian tribes and have determined that there are no potential adverse effects. No action is taken under this rule unless a tribe or an individual Indian voluntarily requests that the United States place land in trust for their benefit. Tribes will be asked for comments prior to publication as a final regulation of this rule and their comments will be considered prior to publication.

Subpart A—Purpose, Definitions, General

§ 151.1 What is the purpose of this part?

The purpose of this part is to describe the authorities, policies, and procedures that we use to decide whether to accept title to land in the name of the United States to be held in trust for the benefit of an individual Indian or a tribe.

§ 151.2 How are key terms defined in this part?

Alienation means a conveyance or transfer of title to property.

Bureau means the Bureau of Indian Affairs within the Department of the Interior.

Discretionary acquisitions of title means those acquisitions of trust title which we are authorized, but are not required, to accept administratively.

Encumbrance means a limitation on the title of property, such as a claim, lien, easement, charge, or restriction of any kind.

Fee simple land means title to land is absolute and clear of any condition or restriction, and with unconditional power of disposition.

Host tribe means the tribe having jurisdiction over the land being acquired.

Individual Indian means a person who:

(1) Is a member of a federally recognized tribe; or

(2) Was physically residing on a federally recognized Indian reservation as of June 1, 1934, and is a descendant of an enrolled member of a federally recognized tribe; or

(3) Possesses a total of one-half degree or more Indian blood of a federally recognized tribe.

Land means real property or any title interest therein, as defined by the statute that authorizes the land acquisition.

Legislative transfer of title means the direct transfer of title to land into trust status for the benefit of an individual Indian or Indian tribe by Congress through legislation. The regulations in this part do not apply to legislative transfers of title.

Mandatory acceptance of title means a conveyance of trust title which Congress has required the Secretary to accept if certain specified conditions over which the Secretary has no control are met.

Reservation means that area of land which has been set aside or which has been acknowledged as having been set aside by the United States for the use of the tribe, the exterior boundaries of which are more particularly defined in the final tribal treaty, agreement, Executive Order, federal statute, Secretarial Order, or judicial determination, except that in the State of Oklahoma, "reservation" means that area of land constituting the former reservation of the tribe. "Former reservation" means lands that are within the jurisdictional area of an Oklahoma Indian tribe and that are within the boundaries of the last reservation established by treaty, Executive Orders, or Secretarial Orders.

Restricted fee land means land for which an individual Indian or a tribe holds fee simple title subject to limitations or restrictions against alienation or encumbrance as set forth in the title and/or by operation of law.

Secretary means the Secretary of the Interior or an authorized representative.

Tribal Land Acquisition Area means a geographic boundary designated by a tribe that does not have a reservation, within which the tribe plans to acquire land over a specified period of time.

Tribe means any Indian tribe, nation, band, pueblo, town, community, rancheria, colony, or other group of Indians, which is recognized by the Secretary as eligible for the special programs and services provided by the Bureau of Indian Affairs, and listed in the **Federal Register** under Pub. L. 103–454, Act of Nov. 2, 1994 (108 Stat. 4791; 25 U.S.C. 479a (1994)).

Trust land means land, or an interest therein, for which the United States holds fee title in trust for the benefit of an individual Indian or a tribe.

Undivided fractional interest means that the interest of co-owners is in the entire property and that such interest is indistinguishable. The interest has not been divided out from the whole parcel. (Example: If you own 1/4 interest in 160 acres, you do not own 40 acres. You own 1/4 of the whole 160 acres because your 1/4 interest has not been divided out from the whole 160 acres.)

We means the Secretary of the Interior or an authorized representative.

§ 151.3 To what types of transactions does this part apply?

(a) Except as provided in paragraphs (b) and (c) of this section, this part

applies to all fee simple land-to-trust, restricted fee land-to-trust, trust-to-trust, and land exchange transactions.

(b) This part does not apply to the following transactions:

(1) Fee to restricted fee or restricted fee to restricted fee;

(2) The transfer of title of trust land through inheritance or escheat; or

(3) The Legislative transfer of title into trust status.

(c) We will not accept title to land in trust in the State of Alaska, except for the Metlakatla Indian Community of the Annette Island Reserve of Alaska or its members.

§ 151.4 How does an individual Indian or a tribe apply to have title to land conveyed to the United States in trust?

Individual Indians and tribes must send us a written request asking that we accept title and place the land into trust.

(a) The request must:

(1) Identify the applicant (including the applicant's tribal affiliation);

(2) Include the legal description of the land to be acquired; and

(3) Include all information which shows that the proposed acquisition meets the applicable requirements in this section.

(b) The request does not need to be in any special form. However, we strongly urge the applicant to address each section of this part that is relevant to the type of acquisition (*e.g.*, on- or off-reservation, discretionary or mandatory), in the order it appears here. Constructing the request in this way will enable us to review the request more efficiently.

(c) We may also ask for additional information to aid us in reaching a decision.

§ 151.5 How do we process the request?

(a) After we receive the request, we will notify the State, county, and municipal governments having regulatory jurisdiction over the land. We will send all notices under this section by certified mail, return receipt requested. The notice will contain the information described in paragraph (a)(1) or (a)(2) of this section, as appropriate.

(1) If the request is for on-reservation lands or lands inside an approved Tribal Land Acquisition Area, the notice we send under this section will:

(i) Include the name of the applicant;

(ii) Describe the lands proposed to be taken in trust;

(iii) State the proposed use of the land; and

(iv) Invite the State and local governments from the State in which the land is located to comment in writing within 30 days on the proposed acquisition.

(2) If the request is for land outside a reservation and outside a Tribal Land Acquisition Area, the notice we send under this section will:

(i) Include the name of the applicant;

(ii) Describe the lands proposed to be taken in trust;

(iii) Describe the proposed use of the land; and

(iv) Invite the State and local governments from the State in which the land is located to comment in writing within 60 days on the acquisition's potential effects on the State and local governments, including on their regulatory jurisdiction, real property taxes, and special assessments.

(b) After the comment period has ended, we will send to the applicant copies of any comments made by State or local governments on the applicant's request. We will give the applicant a reasonable time in which to reply to the comments.

(c) Subject to restrictions on disclosure required by the Freedom of Information Act (5 U.S.C. 552), the Privacy Act (5 U.S.C. 552a), and the Trade Secrets Act (18 U.S.C. 1905) the request will be available for review at the local BIA agency or area office having administrative jurisdiction over the land.

(d) We will consider all the documentation that the applicant submits.

§ 151.6 How do we proceed after making a decision on the request?

(a) We will send the applicant a certified letter describing our decision to accept or deny a request. We will also send a copy of the decision letter to everyone (including State and local governments) who sent us written comments on the request. The notice to interested parties will explain that they have a right to appeal our decision under part 2 of this title.

(b) If our decision is to deny the request, we will take no further action.

(c) If our decision is to approve the request, after the exhaustion of administrative remedies we will:

(1) Complete a preliminary title examination. For both discretionary and mandatory acquisitions, after we examine the title evidence, we will notify the applicant of any liens, encumbrances, or infirmities. If the liens, encumbrances, or infirmities make title to the land unmarketable, we will require the applicant to eliminate the liens, encumbrances, or infirmities before we act on the application.

(2) Publish in the Federal Register, or in a newspaper of general circulation serving the affected area, a notice of the decision to take land into trust under this part. The notice will state that we have made a final decision to take land in trust and that we will accept title in the name of the United States no sooner than 30 days after the notice is published;

(3) Act on any judicial appeals that may be filed; and

(4) After the exhaustion of judicial remedies, accept trust title to the land by issuing or approving an appropriate instrument of conveyance.

§ 151.7 When does land attain trust status?

After the Secretary has published notice of intent to take the land into trust pursuant to § 151.6 (c)(2), the time period for appeal has run, all appeals rights have been exhausted, and all title objections have been cleared, we will approve or issue the appropriate instrument of conveyance. Only after these steps have been completed will the land attain trust status. The approved deed will then be recorded in the county where located, title evidence will be updated, a final title opinion will be issued and the deed will be recorded in the appropriate Bureau of Indian Affairs title plant under part 150 of this chapter.

§ 151.8 Will we accept and hold in trust an undivided fractional interest in land for an individual Indian or a tribe?

We will not accept and hold in trust for an individual Indian or a tribe an undivided fractional interest in land, except under one of the following conditions:

(a) The individual Indian or tribe already owns an undivided fractional restricted or trust interest in the land, and is acquiring the additional interest(s) to consolidate ownership.

(b) The individual Indian or tribe acquires the undivided fractional interest as the result of a gift under § 152.25(d) of this chapter and the conveyance does not result in further fractionation of interest in the land.

(c) The individual Indian or tribe is acquiring interest in fee and there are existing undivided fractional trust or restricted interests in the same land.

(d) The individual Indian or tribe offers and agrees to purchase the remaining undivided fractional trust or restricted interest in the land, at not less than fair market value.

(e) A specific statute grants the individual Indian or tribe the right to purchase an undivided fractional interest in trust or restricted land without offering to purchase all interests.

(f) A majority of the owners of the remaining undivided trust or restricted fractional interest agree in writing that the individual Indian or tribe may acquire the interest.

Include a record of consultation with appropriate authorities regarding environmental, endangered species, water quality, fish and wildlife, wetlands, transportation, air quality, cultural, historical value, hazardous waste, and toxic material issues.

§ 151. 10 What criteria will we use to evaluate requests involving land inside a reservation or inside an approved Tribal Land Acquisition Area?

We will review all information submitted under § 151.9. We may decide to accept trust title to the land if the acquisition meets all of the following criteria:

§ 151.11 Can an individual Indian or a tribe acquire land inside a reservation or inside an approved Tribal Land Acquisition Area of another tribe?

An individual Indian or a tribe, including individual Indians and tribes in Oklahoma, may acquire land in trust on another tribe's reservation, or inside another tribe's approved Tribal Land Acquisition Area, if the host tribe's governing body consents in writing. No consent is required if:

(a) An individual Indian or tribe already owns an undivided fractional trust or restricted interest in the parcel of land to be acquired; or

§ 151.13 Can an individual Indian acquire land outside his or her own reservation?

Except as provided in paragraphs (a) and (b) of this section, we will not accept title to land in trust outside an individual Indian's reservation. We may approve acquisitions of land outside an individual Indian's reservation if:

(a) The individual Indian already owns an undivided fractional trust or restricted interest in the property being acquired; or

(b) The individual Indian has sold trust or restricted interest in land and the money received from the sale is reinvested in other land selected and purchased with these funds, or the individual Indian is purchasing land with funds obtained as a result of a sale of trust or restricted land under 25 U.S.C. 409a.

§ 151.14 What criteria will we use to evaluate a request involving land outside a reservation or outside an approved Tribal Land Acquisition Area?

(j) The location of the land relative to State boundaries, and its distance from the boundaries of the tribe's reservation, is reasonable based in part on the following:

(1) If the land is in a different state than the tribe's reservation, the tribe's justification of anticipated benefits from the acquisition will be subject to greater scrutiny.

(2) As the distance between the tribe's reservation or approved Tribal Land Acquisition area and the land to be acquired increases, the tribe's justification of anticipated benefits from the acquisition will be subject to greater scrutiny.

(3) As the distance between the tribe's reservation or approved Tribal Land Acquisition Area and the land to be acquired increases, the concerns raised by the state and local governments will be given greater weight.

Subpart D—Mandatory Acceptance of Title

§ 151.15 What information must be provided in a request to process a mandatory transfer of title into trust status, and how will we process the request?

(a) To help us determine whether we are mandated by legislation to accept trust title to a specific tract of land, we require submission of the following documentation:

(2) Title insurance or an abstract of title that meets the *Standards for the Preparation of Title Evidence in Land Acquisitions by the United States,* issued by the U.S. Department of Justice; and

(3) Any additional information that we may request.

(b) If we determine that the transfer of title into trust status is mandatory, we will publish that determination and a notice of intent to take the land in trust in the **Federal Register**.

§ 151.16 Can our determination that a transfer of title into trust status is mandatory be appealed?

The Department's determination that a transfer of title into trust status is "mandatory" may be appealed according to requirements set forth in part 2 of this title.

Subpart E—Tribal Land Acquisition Areas

§ 151.17 What is a Tribal Land Acquisition Area?

A Tribal Land Acquisition Area is a geographic boundary designated by a reservation-less tribe within which the tribe plans to acquire land within a 10-year period. If the Secretary approves the Tribal Land Acquisition Area under this part, the reservation-less tribe can acquire parcels of land within the Tribal Land Acquisition Area during that 10-year period under the on-reservation provisions of this part.

§ 151.18 What must be included in a request for Secretarial approval of a Tribal Land Acquisition Area?

A request for Secretarial approval of a Tribal Land Acquisition Area must be made in writing, although we do not require that it take any special form. However, we strongly urge the applicant to address each applicable section of this part in the order it appears here. Constructing the application in this way will help us review the request more efficiently. To be complete, a request for Secretarial approval of a Tribal Land Acquisition Area must identify the applicant tribe, and must include:

(a) A complete description, or a copy, of the federal statute(s) that authorize the United States to accept land in trust on behalf of the tribe, and any limitations contained in that authority.

(e) A description of the Tribal Land Acquisition Area, including:

(1) A legal description of the lands within the Tribal Land Acquisition Area;

(2) Information about whether the lands are within the tribe's former reservation or aboriginal homelands;

(3) Information about whether the lands are Federal lands, State lands, or private lands;

(4) Information about whether the lands overlap with another tribe's jurisdictional area;

(6) Information about the distance of the Tribal Land Acquisition Area from the Bureau's nearest agency or area office.

(1) Zoning, including:

(i) The current zoning of the land;

(ii) Any proposed use conflicts with current zoning; and

(iii) Applicable tribal zoning ordinances.

(2) Law enforcement and cross-deputization, including:

(i) Who currently provides law enforcement services for the land;

(ii) Whether the tribe already has its own law enforcement;

(iii) Who will supply law enforcement if the land is approved for trust status; and

(iv) Whether additional resources would be needed to provide adequate law enforcement.

(3) Safety factors, including:

(i) Who supplies fire protection service for lands located within the Tribal Land Acquisition Area;

(ii) Who supplies emergency medical service for lands located within the Tribal Land Acquisition Area; and

(iii) Information about whether lands located within the Tribal Land Acquisition Area are in a flood area or flood control area.

(4) Traffic, roads, and streets, including:

(8) Whether the tribe has made any provisions to compensate the State and local governments for revenue lost because of the removal of the lands from the tax rolls. (Include any increases in Title IX funding from the Indian Education Act or Impact Aid funding.)

§ 151.19 How is a tribal request for Secretarial approval processed?

When we receive a request for Secretarial approval of a Tribal Land Acquisition Area, we will review the supporting documentation to determine if the request meets the requirements of this part. If the request is complete, we will:

(a) Provide notice of the request for Secretarial approval to the Governor's Office, to appropriate local government officials, and to appropriate officials of tribes located within a 50-mile radius of the boundaries of the proposed Tribal Land Acquisition Area. Recipients of the notice will be provided 60 days from the date of receipt in which to comment on the proposed Tribal Land Acquisition Area and the request supporting it. Other interested parties may also submit comments during the 60-day consultation period.

(b) After the close of the consultation period, based on the criteria described in § 151.21, we will decide whether to approve the Tribal Land Acquisition Area. Our decision on whether to approve the Tribal Land Acquisition Area will be communicated in the form of a certified letter to the applicant. We also will provide notice of our decision to interested parties by sending a copy of the decision letter to everyone (including State and local governments) who sent us written comments on the request for approval.

(c) If we decide not to approve the Tribal Land Acquisition Area, we will take no further action.

(d) If we decide to approve the Tribal Land Acquisition Area, we will:

(1) Publish in the **Federal Register**, or in a newspaper of general circulation serving the affected area, a notice of the decision to approve the Tribal Land Acquisition Area; and

(2) Thereafter review requests to accept trust title land located within the Tribal Land Acquisition Area as "on-reservation" acquisitions under the applicable on-reservation provisions in this part.

§ 151.20 What criteria will we use to decide whether to approve a proposed Tribal Land Acquisition Area?

In general, because tribes without reservations are significantly disadvantaged, both in terms of cultural preservation and in terms of being ineligible for federal land-based programmatic funding and technical assistance, there is a presumption in favor of the tribe's need for at least some trust land. However, in determining whether to approve establishment of a Tribal Land Acquisition Area, we will consider the individual circumstances of each applicant tribe, surrounding community, and affected land base. There are some standard criteria which will help direct our decision-making process. These standard criteria include:

(a) The request must be complete and contain all supporting documents;

(b) The statutory basis upon which the tribe proposes creation of the Tribal Land Acquisition Area: if the tribe is the subject of a statute directing the Secretary to take some unspecified land into trust for the tribe's benefit the tribe will enjoy a greater presumption in favor of approval of its proposed Tribal Land Acquisition Area. (For example, there is statutory language such as "the Secretary shall take land into trust within the tribe's service area," or "the Secretary shall take land into trust within X and Y counties.")

(c) The size of the proposed Tribal Land Acquisition Area in relation to the size of the tribe's membership: we will look for a reasonable connection between the amount of land the tribe wishes to take into trust, and the basic trust needs (housing, health, employment opportunities) of the tribe's membership.

(d) The relationship of the tribe to the lands located within the Tribal Land Acquisition Area: we will give greater weight to a request for approval of a Tribal Land Acquisition Area that encompasses lands to which the tribe

has established a strong cultural, historical, and/or legal connection.

(e) The ability of the tribe and the local non-Indian community to adjust to the jurisdictional changes that will occur if the lands within the Tribal Land Consolidation Area are taken into trust, including:

(1) That there are adequate arrangements for provision of police and fire protecion and other emergency response for persons living within the Tribal Land Consolidation Area (whether living on trust or non-trust property);

(2) That there are adequate arrangements for provision of other municipal-type services, such as garbage removal, water, sewage;

(3) That adverse impacts on local governments and communities are reasonable compared to the benefits flowing to the applicant.

§ 151.21 Can a tribe include in its Tribal Land Acquisition Area land inside another tribe's reservation or Tribal Land Acquisition Area?

A tribe may include land inside the reservation boundaries or within an approved Tribal Land Acquisition Area of another tribe, if:

(a) The host tribe's governing body consents in writing;

(b) The tribe already owns undivided fractional trust or restricted interests in the tracts of land identified in its Tribal Land Acquisition Area; or

(c) The tracts of land to be included in the plan are inside a reservation or an approved Tribal Land Acquisition area that is shared by two or more tribes, and the plan is for one of these tribes.

§ 151.22 If a Tribal Land Acquisition Area is not approved, is the tribe prohibited from acquiring land within it?

No. However, the tribe will have to apply to have individual parcels taken into trust under the off-reservation provisions of this part.

§ 151.23 If a Tribal Land Acquisition Area is approved, does the land taken into trust within it attain reservation status?

No. Lands taken into trust within a Tribal Land Acqusition Area will enjoy "Indian country" status as that term has been defined in relevant federal statutes and caselaw. However, those lands do not attain "reservation" status by virtue of the Tribal Land Acquisition Area having been approved by the Secretary. Reservation status can only be attained if:

(a) The tribe has applied to the Secretary under 12 U.S.C. 467; or

(b) There is a specific federal statute designating the land as a reservation.

§ 151.24 Can a Tribal Land Acquisition Area be modified after approval?

Yes. However, the changes must be submitted with a request for approval in compliance with the criteria in this part and must be approved by the Secretary.

Subpart F—False Statements, Recordkeeping, Information Collection

§ 151.25 What is the penalty for making false statements in connection with a request that we place land into trust?

Anyone who knowingly and willfully makes a false statement in connection with a trust title acquisition request may be subject to criminal prosecution under the False Statements Accountability Act of 1996, 18 U.S.C. 1001.

§ 151.26 What recordkeeping and reporting requirements apply to acquisitions of trust title under this part?

(a) Each document that we hold or that is created in the development of a request asking for land to be placed in trust is a permanent federal case file record. The Bureau of Indian Affairs file will maintain each of the documents in accordance with National Archives and Records Administration requirements.

(b) The Secretary will negotiate with Indian tribes and tribal organizations compacting and contracting under Title I or Title IV of the Indian Self-Determination and Education Assistance Act, 25 U.S.C. 250 *et seq.*, to ensure that such tribes and tribal organizations also maintain each document in a case file in accordance with National Archives and Records Administration rules and requirements, and to ensure that they follow all Bureau reporting requirements concerning this part.

§ 151.27 Do information collections under this part have Office of Management and Budget approval?

(a) The information collection requirements contained in §§ 151.4; 151.9; 151.12; 151.15, 151.18, and 151.26 have been approved by the Office of Management and Budget under 44 U.S.C. 33501 *et seq.* and assigned clearance number 1076-xxxx. It is a requirement of the Paperwork Reduction Act that each respondent to any information collection be notified that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a current valid OMB control number pursuant to 35 U.S.C. 3506(c)(B)(V); 44 CFR 1320 8(b)(3)(vii). Indian tribes and individuals must submit the information required under these sections to acquire land into trust. We will use the information in making a determination on an application to take land into trust. The applicant must respond to this request to obtain a benefit.

(b) Public reporting for on-reservation information collection is estimated to average 4 hours per response, including the time for reviewing instructions, gathering and maintaining data, and completing and reviewing the information collected. Public reporting for off-reservation information collection is estimated to average 8 hours per response, including the time for reviewing instructions, gathering and maintaining data, and completing and reviewing the information collected. Comments regarding the burden estimate or any other aspect of this information collection should be sent to the Bureau of Indian Affairs, Information Collection Clearance Officer, 1849 C Street, NW, Washington, DC 20240; and Attention: Desk Officer, for the Department of the Interior, Office of Information and Regulatory Affairs [OMB Control Number 1076-xxxx], Office of Management and Budget, Docket Library, Room 10102, 725 17th Street, NW, Washington, DC 20502.

Dated: April 2, 1999.

Assistant Secretary—Indian Affairs.

[Notice No. 873; Re: Notice No. 872]

RIN 1512-AB89

Prohibition of Certain Alcohol Beverage Containers and Standards of Fill for Distilled Spirits and Wine (98R-452P)

AGENCY: Bureau of Alcohol, Tobacco and Firearms (ATF), Department of the Treasury.

ACTION: Proposed rule; extension of comment period.

SUMMARY: This notice extends the comment period for Notice No. 872, a notice of proposed rulemaking, published in the **Federal Register** on February 9, 1999. ATF has received a request to extend the comment period in order to provide sufficient time for all interested parties to respond to the issues raised in the notice.

DATES: Written comments must be received on or before May 10, 1999.

ADDRESSES: Send written comments to: Chief, Regulations Division, Bureau of Alcohol, Tobacco and Firearms, P.O. Box 50221, Washington, DC 20091–0221, [Attention: Notice No. 872].

FOR FURTHER INFORMATION CONTACT: William H. Foster, Regulations Division, (202) 927–8210, Bureau of Alcohol, Tobacco and Firearms, 650 Massachusetts Avenue, NW, Washington, DC 20226. You may also write questions by e-mail to *whfoster@atfhq.atf.treas.gov.* ATF will not accept comments on the proposal that are submitted to this address.

SUPPLEMENTARY INFORMATION:

Background

On February 9, 1999, ATF published a notice of proposed rulemaking (NPRM) in the **Federal Register** soliciting comments from the public and industry on a proposal to amend the regulations to clarify the standards of fill for distilled spirits and wine. This notice also proposed regulations to prohibit certain alcohol beverage containers that are likely to mislead consumers as to the identity or character of the distilled spirits, wine, or malt beverage products or are likely to be confused with other (non-alcohol) food products. The comment period for Notice No. 872 closes on April 12, 1999.

However, ATF received a request from the National Association of Beverage Importers, Inc. (NABI) to extend the comment period an additional 30 days. NABI, representing the companies that import most of the alcohol beverages brought into the United States, stated that additional time was needed for it to obtain information from its members and foreign counterparts in order to prepare the association's comments.

In consideration of the above, ATF finds that an extension of the comment period is warranted and the Bureau is, therefore, extending the comment period until May 10, 1999.

Disclosure

Copies of Notice No. 872 and written comments will be available for public inspection during normal business hours at: ATF Reference Library, Room 6480, 650 Massachusetts Avenue NW, Washington, DC.

[CA 013–0139b; FRL–6322–3]

Approval and Promulgation of Implementation Plans; California State Implementation Plan, San Joaquin Valley Unified Air Pollution Control District; South Coast Air Quality Management District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing a limited approval and limited disapproval of revisions to the California State Implementation Plan (SIP) which concern the control of particulate matter (PM) from open burning. The intended effect of proposing limited approval and limited disapproval of these rules is to regulate PM emissions in accordance with the requirements of the Clean Air Act, as amended in 1990 (CAA or the Act). EPA's final action on this proposed rule will incorporate these rules into the federally approved SIP for San Joaquin Valley Unified Air Pollution Control District (SJVUAPCD) and South Coast Air Quality Management District (SCAQMD). EPA has evaluated SJVUAPCD Rule 4103 and SCAQMD Rule 444 and is proposing a simultaneous limited approval and limited disapproval under provisions of the CAA regarding EPA action on SIP submittals and general rulemaking authority. These revisions, while strengthening the SIP or maintaining the SIP's control strategy, do not fully meet the CAA provisions regarding plan submissions and requirements for nonattainment areas. In this action, EPA also is proposing full approval of SCAQMD Rule 208 for incorporation into the California SIP. EPA has evaluated this rule and determined that it is consistent with the CAA and EPA regulations and will maintain the SIP's control strategy.
